Regulations respecting Foreign Orders.

1. No Subject of Her Majesty shall accept a Foreign Order from the Sovereign of any foreign country, or wear the Insigna thereof, without having previously obtained Her Majesty's permission to that effect, signified by a Warrant under Her Royal Sign Manual.

2. Such permission shall not be granted to any Subject of Her Majesty, unless the Foreign Order shall have been conferred in consequence of active and distinguished Service before the Enemy, either at Sea or in the Field; or unless he shall have been actually and entirely employed, beyond Her Majesty's Dominions, in the Service of the Foreign Sovereign by whom the Order is conferred.

3. The intention of a Foreign Sovereign to confer upon a British Subject the Insignia of an Order, must be notified to Her Majesty's Principal Secretary of State for Foreign Affairs, either through the British Minister accredited at the Court of such Foreign Sovereign, or through His Minister accredited at the Court of Her Majesty.

4. If the service for which it is proposed to confer the Order has been performed during War, the Notification required by the preceding Clause must be made not later than two years after the exchange of the Ratifications of a Treaty of Peace.

If the service has been performed in time of Peace, the Notification must be made within two years after the date of such service.

5. After such Notification shall have been received, Her Majesty's Principal Secretary of State for Foreign Affairs shall, if the case comes within the conditions prescribed by the present Regulations, take steps from naval or military Services before the Enemy, refer it to Her Majesty's Principal Secretary of State for the War Department previously to taking Her Majesty's pleasure thereupon, in order to ascertain whether there be any objection to Her Majesty's permission being granted.

A similar reference shall also be made to the Field Marshal Commanding in Chief, if the application relates to an Officer in the Army, or to the Lords of the Admiralty, if it relates to an Officer in the Navy.

6. When Her Majesty's Principal Secretary of State for Foreign Affairs shall have taken the Queen's pleasure on any such application, and shall have obtained Her Majesty's permission for the person in whose favour it has been made to accept the Foreign Order, and wear the Insignia thereof, he will signify the same to Her Majesty's Principal Secretary of State for the Home Department, in order that he may cause the Warrant required by Clause 1 to be prepared for the Royal Sign Manual.

When such Warrant shall have been signed by the Queen, a Notification thereof shall be inserted in the London Gazette, stating the service for which the Foreign Order has been conferred.

7. The Warrant signifying Her Majesty's permission may, at the request and at the expense of the person who has obtained it, be registered in the College of Arms.

8. Every such Warrant as aforesaid shall contain a Clause providing that Her Majesty's licence or permission does not authorize the assumption of any style, appellation, rank, precedence or privilege appertaining to a Knight Bachelor of Her Majesty's Realms.

9. When a British Subject has received the Royal permission to accept a Foreign Order, he will on any future time be allowed to accept the Decoration of a higher Class of the same Order, to which he may have become eligible by increase of rank in the Foreign Service, or in the Service of his own Country; or any other distinctive mark of honour strictly consequent upon the acceptance of the original Order, and common to every person upon whom such Order is conferred.

10. The preceding Clause shall not be taken to apply to Decorations of the Guelphic Order which were bestowed on British Subjects by Her Majesty's predecessors, King George IV. and King William IV., on whose heads the Crowns of Great Britain and of Hanover were united.

Decorations so bestowed cannot properly be considered as rewards granted by a Foreign Sovereign for services rendered according to the purport of Clause 2 of these Regulations. They must rather be considered as personal favours bestowed on British Subjects by British Sovereigns, and as having no reference to services rendered to the Foreign Crown of Hanover.

Regulations respecting Foreign Medals.

1. Application for permission to accept and wear Medals which, not being the decoration o any Foreign Order, are conferred by a Foreign Sovereign on British Subjects in the Army or in the Navy for military or for naval services, should be addressed, as the case may be, to the Field Marshal commanding-in-Chief or the Lords of the Admiralty, who, if they see fit, may submit the same to Her Majesty's Principal Secretary of State for Foreign Affairs for Her Majesty's sanction; upon obtaining which, they may grant such permission without any other formality.

2. Permission to wear a Foreign Medal cannot be granted to a British Subject, unless such Medal be bestowed for military or naval services performed by the command or with the sanction of Her Majesty. But no permission is necessary for accepting a Foreign Medal, if such Medal is not to be worn.

ARMY CIRCULAR.

No. 4.—1867.

War Office, 1st May, 1867.

The following Regulations and Instructions are promulgated to the Army by direction of the SECRETARY OF STATE FOR WAR, in accordance with the arrangements detailed in Army Circular No. 1:—

FINANCE.

19.—Military Foremen of Works.

The Secretary of State for War, with the concurrence of His Royal Highness the Field Marshal Commanding in Chief, has sanctioned the following regulations for the employment of non-commissioned officers of the Royal Engineers, as military foremen of works.

Military foremen of works will be selected from the non-commissioned officers of the Royal Engineers, and will be appointed by the Secretary of State for War on the recommendation of the Director of Works.

They will receive, in addition to their regimental pay, departmental pay at the following daily rates:—

1st Class	...	...	...	3*s.*	6*d.*
2nd Class	...	...	...	2	6
3rd Class	...	...	...	2	0

Temporary foremen of works, appointed for short periods only, will receive, while so employed, departmental pay at a daily rate of 2*s.* in addition to their regimental pay.

First class foremen of works of the first class will rank as serjeant majors; of the second class, as quartermaster serjeants; of the third class, as serjeants.

First class foremen of works will be allowed to draw rations, subject to the usual charge for the same, and will be provided with lodgings, and fuel and light, or receive an allowance in lieu thereof as first class staff serjeants, if of the first or second class; and as second class staff serjeants, if of the third class.

Military foremen of works will be allowed to reckon service as such towards pension.

Military foremen of works will be liable to be sent back to their regimental duties, either on account of their services being no longer required or on account of incapacity or misconduct.

20.—Servants.

If a regimental officer selects a soldier on the married establishment for his servant, the public must be put to no extra expense on account of the man's wife and family, consequent on the officer taking him away from his corps when ordered on any special duty.

PURVEYORS' BRANCH OF THE HOSPITAL DEPARTMENT.

21.—Medical Comforts.

Medical comforts prescribed for men on commissariat rations, under W. O. Circular 916, and entered in the diet sheets, W. O. Form 1145, will be abstracted on W. O. Form 1202, to which they will form vouchers; and the total of the issues, as per abstract, will be charged by the purveyor in his provision account rendered on W. O. Form 983 or 984.

ROYAL ENGINEER DEPARTMENT.

22.—Forms of Tender.

With reference to War Office Circular No. 526, commanding Royal Engineers are informed that the Secretary of State for War has approved of an alteration in the form of tender for works and repairs (W. O. Form 1521), and that in furtherance thereof

ARMY CIRC. No. 4—*continued.*

clauses 21 and 22, relating to arbitration, have been struck out, and a new clause (No. 6 in the revised form), inserted as follows:—

Contractor to give notice of claim for works not provided for, according to his construction of contract, and the work not to be delayed thereby.

"6. Should the contractor be required by the superintending officer to execute any work, or to supply any labour or materials, which, according to his construction of the contract, are not provided for therein, he shall forthwith give notice, in writing, to the superintending officer, that he shall require to be paid for the same as extra work. The contractor shall, however, proceed to act upon such requisition (unless or until the same be countermanded) so that neither the execution of the work, nor the supply of materials, may be delayed by any difference or controversy upon the construction of the contract; and it is expressly agreed that no claim shall arise under this clause, but upon such notice as aforesaid being given to the superintending officer within seven days from the requisition to execute work."

The new form can be obtained on demand in the usual manner, and commanding Royal Engineers are requested to adopt it in all future lump sum contracts, except for loan works, the special form for which can be procured, when required, on application by letter to the Director of Works.

STORES.

23.—Prices of Stores.

New lists of prices for barrack and hospital stores, corrected to the present time, are printed as an appendix to this circular. Barrackmasters and purveyors will regulate the charges against the troops accordingly.

Circulars No. 769 and 770 are hereby cancelled.

24.—Browning Arms.

The several *ingredients* for making "mixture for browning arms" will in future be issued to military store officers in bottles. They will be supplied in the proportions shown in the annexed table, and care must be taken to demand by quarts, gallons, &c., stating in each demand the number of bottles in which the ingredients are required to be packed.

One quart of mixture is sufficient to brown 100 stand of muzzle-loading arms: breech-loaders of the Snider pattern require an additional 10 per cent. Materials for less than one quart of mixture will not be supplied to home stations, nor for less than a gallon to foreign stations. Rain-water must be invariably used for dissolving the ingredients.

General instructions for browning gun barrels are appended.

Circular 653 is hereby cancelled.

General Instructions for Browning Gun Barrels.

In mixing the ingredients dissolve the blue vitriol in cold rain-water, and add the other ingredients subsequently.

1st. Coat the barrels with wet lime, clean them with dry lime, and brush and wipe them with coarse linen cloth. Coat them with the mixture with a sponge, and then let them stand in the drying room, heated to 90° Fahr., for twelve hours.

2nd. Scratch them with wire card, after which let them stand one hour to get thoroughly cold, coat them and let them stand in the drying room six hours.

3rd. Scratch them with wire card, let them stand one hour, coat them and stand them in the drying room six hours.

4th. Scratch them with wire card, let them stand one hour, coat them and stand them in the drying room six hours, after which immerse each barrel for five minutes in a copper of boiling water, then let them stand one hour, coat them and stand them in the drying room six hours.

5th. Scratch them with wire card, let them stand one hour, coat them and stand them in the drying room six hours.

6th. Scratch them with wire card, let them stand one hour, coat them and stand them in the drying room six hours.

7th. Immerse them in boiling water, after which scratch them with wire card.

8th. Immerse them in boiling water, finish them with wire card, and then oil them.

ARMY CIRC. No. 6—*continued.*

Memorandum.—It will be observed that the time allowed for drying is, in the first instance, twelve hours, and in the subsequent stages six hours. The barrels will generally be dry in the latter time; but as the atmosphere has a great effect upon the acids, of which the browning mixture is composed, this will not be invariably the case. It can be easily ascertained whether the barrels are dry or not by applying the steel scratch card, when, if dry, the rust will fly off quickly, but if not dry, the rust will adhere firmly, and the barrel will have a streaky appearance. Before the mixture is applied to the barrel, the nipple hole should be carefully stoppered up, to prevent any water or browning mixture getting inside, and the muzzle should also be stopped with a peg, made of pine or deal, about twelve inches long, four inches of which is to be inserted in the barrel, the remainder serving as a handle for the workman. The breech end of the barrel of breech-loading arms must be closed with a cork.
